

Company Profile and Facts

CAPABILITIES

Excel Meetings and Events strives to provide exceptional service that is personal, flexible and creative. We manage, market and produce meetings, conferences and events including board meetings, partner and business conferences, customer events, incentive programs and non-profit meetings. We have produced meetings for groups ranging in size from 20 to over 1,000.

In addition to comprehensive event logistics, Excel offers a wide-range of business to business event marketing services that will build attendance for your conference, present a strong brand identity and provide marketing analytics that help you understand what's important to your key stakeholders. By utilizing the experience and talents of our staff and our alliance partners, we can help you develop a full 360-degree view of your attendees as they participate in your conferences, user group meetings, seminars and other important meetings.

We also help manage the risks associated with meetings and events by negotiating well-written hotel contracts and by placing the highest priority on the safety and security of your meeting attendees.
